

Topload Cartoner CLM

Viking Masek's CLM machines are a family of carton closing machines. We offer straight-line or right-angle units to close one, two or three flaps of the cartons. The unique turning mechanism provides gentle handling of the cartons and of the products inside.

max. speed	200 cpm
carton size	max 300 × 400 × 200 mm min 50 × 80 × 25 mm

Topload Process

Topload Cartoner CLM In Detail

One, two or three flap, carton closing machine are designed to handle all types of board. Whether manufactured from thin or heavy gauge chipboard or corrugated micro-fluted board finished with high quality printing, the CLM carton closers will produce perfectly formed, square and unblemished cartons that are secure and strong for shipping, yet suitable for shelf or freezer display.

Max. speed

200 cpm

Air pressure

6 bar

Weight

900–1 300 kg

Power supply

6–12 kVA

features

- › One, two or three flap closing configuration
- › Lock-style, hot melt or hot air systems
- › Easy format change-over
- › Driven infeed to adapt to random carton flow
- › Servo drives
- › Rugged stainless steel construction
Jogging control
- › Safety guarding
- › Off-the-shelf components Siemens or Allen Bradley controls
- › IP54
- › Excellent accessibility
- › Speed and glue adjustment through the HMI
- › Gentle carton rotation

options

- › Various styles of infeed/outfeed conveyors
- › Straight-line or right-angled construction
- › Damaged carton rejection
- › Different frame sizes to accommodate large carton range
- › Remote control
- › Special electronics and voltages
- › IP65 washdown construction
