Dear Rob:

I want to send a sincere "Thank You" to you and your entire staff for the great help you have given us at Palo Popcorn. Your sales and support staff are awesome. Being a rather new company it was very assuring that Tim and your support staff were only a phone call away to answer any questions that would arise. You have a special team at Viking and it shows every time we contact you.

The Viking E250 is a great performer and rock solid. We count on it every day and it has never let us down. I am absolutely certain that when we purchase our next bagger, it will be a Viking.

Sincerely,

Dave Berth
CEO Palo Popcorn Company
