Topload Cartoner CFM In Detail

Viking Masek offers broad range of carton formers for lock, glue or heat-seal applications. The Viking Masek's CFM machine is rugged, versatile and high-performing carton erector, capable of running different carton shapes in single, double or triple head operation. The CFM machine provides the state-of-the-art carton forming technology and performance. It provides full control over the blank transport. The machine is designed with hot melt or lock-style forming systems, to be integrated into complete production lines.

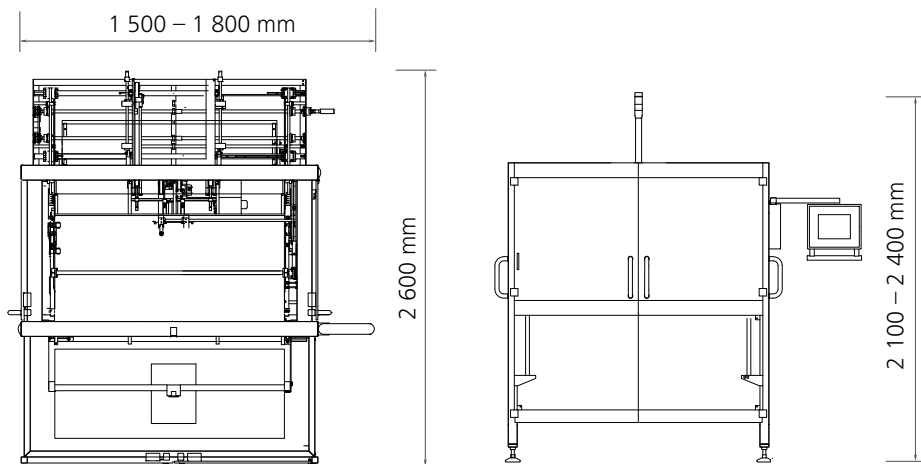

features

- › Single, double or triple head configuration
- › Lock-style, hot melt or hot air systems
- › Easy format change-over
- › Inclined carton magazine
- › Controlled carton supply
- › Servo drives
- › Rugged stainless steel construction
- › Vacuum pump included Jogging control
- › Safety guarding
- › Off-the-shelf components
- › Siemens or Allen Bradley controls
- › IP54
- › Excellent accessibility

options

- › Various styles of outfeed conveyors
- › Adjustable forming head
- › Damaged carton rejection
- › Different frame sizes to accommodate large carton range
- › Remote control
- › Extended carton magazine
- › Special electrics and voltages
- › IP65 washdown construction
