Flow Wrapper 90 In Detail

This versatile platform supports a multitude of configurations. Coupled with an array of available accessories, the FW-90 seamlessly integrates with numerous products, meeting the most stringent demands across various production environments. Leveraging our extensive experience, we also provide a broad selection of accessories and feeding systems to accommodate a diverse array of product types.

Max. speed
200 bpm

Weight
1000 - 1500 kg
(2205 - 3307 lb)

Bag width
10 - 270 mm
(0.39" - 10.62")

Air pressure
6 bar
(15–18 CFM at 90 PSI)

Bag length
50 - 550 mm
(1,96" - 21,65")

Power supply
380-440 VAC / 3 Ph / 50-60 HZ

features

- Pusher conveyor
- Top reel holder
- Universal forming box
- Fin longitudinal sealing unit
- End cutting and welding unit
- Outfeed conveyor
- Transmission cabinet
- 10.4" Touch Screen (HMI)
- Easy changeover
- Modular construction
- Minimal maintenance requirements
- Automatic film splice
- Robust stainless steel build

options

- Poly configuration for polyethylene films
- Cold configuration for cold sealing films Box
- Motion configuration for hermetic sealing
- Robotic handling for right hand execution
- Integration with feeders
- Integration with ancillary equipment
